If you are interested in global implications of science and technology, and you want to become a better leader and team worker, then STeLA Forum 2014 is the place for you!

Improve your leadership skills, build your international networks, and learn about this year’s theme - Health and Bioethics at:

STeLA International Forum 2014
Stanford University
August 15th - 24th

Come to our info session to learn more about our upcoming forum:
Tuesday, March 25 at 8:00 pm
Harvard University GSD, Room 109
(48 Quincy St, Cambridge, MA)

Many thanks to Harvard GSD for hosting this info session!
