YOU ARE HUNGRY for an inspiring intellectual challenge and ready to immerse yourself in an intensive summer experience that will push you to grow personally and professionally. You believe in the power of the collective and aspire to be a part of something bigger than yourself. You are respectful of and engaged in the lives and the learning of others. You are eager to join a diverse and dynamic community of learners and doers who challenge and support one another to grow and who strive to be better every day. You celebrate successes and learn from failures. You believe in a better world for our children and are ready to invest your best effort and hard work into creating better learning opportunities and outcomes for children in urban communities. You belong in our community. Learn more about the Summer Teaching Fellowship at generationteach.org.

IF YOU HAD A TEACHER WHO WAS, IN ANY SMALL OR SIGNIFICANT WAY, RESPONSIBLE FOR YOUR SUCCESS, YOU KNOW WHAT YOU NEED TO DO THIS SUMMER. TEACH.

FINAL DEADLINE.............................APRIL 8, 2016
SUMMER TEACHING FELLOW  
BOSTON, MA

ABOUT US

Generation Teach aims to catalyze the next generation of educators by providing diverse and talented young people with summer teaching experiences that inspire and prepare them to pursue careers in urban teaching. We recruit college and college-bound students to a Summer Teaching Fellowship designed to introduce them to the complex and intellectually demanding work of teaching, and to challenge them as learners and leaders. We believe that confidence and competence build commitment, and invite fellows to teach with us over multiple summers and offer differentiated pathways into teaching through partnerships with schools and teacher education programs. Our hope is that these early experiences in urban education shape talented young people’s decisions to pursue careers in teaching while better preparing them for the rigors of the profession.

THE SUMMER TEACHING FELLOWSHIP

- Complete 2 weeks of intensive training in classroom management, lesson planning, and pedagogy.
- Teach daily lessons in coding, debate, history, math, reading, science, or wellness for 4 weeks.
- Practice your teaching and reflect on your students’ learning in daily team meetings.
- Work with your Teacher Coach to develop your skills and pursue excellence for your students.
- Lead academic challenges, enrichment programming, field trips, and community meetings.
- Reflect on your work with your colleagues, Coach, and Dean.
- Become an active part of the school and community in which your students live and learn.
- Receive a taxable scholarship to offset living costs; limited summer housing is available.

APPLY NOW

Apply now for the 2016 Summer Teaching Fellowship in Boston. Undergraduates from anywhere in the country are invited to apply; priority will be given to candidates who are from or attending college in the Boston area. All content-area majors are encouraged to apply.

The Boston program runs from June 27 - August 6. Teaching Fellows receive a $1,800 taxable scholarship.
